Week 5 Term 4

13 November 2018

RSL Remembrance Day Service

Thank you to the parents and students who attended the RSL Remembrance Day service on Sunday.

Our school captains did a wonderful job laying the wreath and all the students displayed exceptional behaviour during the ceremony.

Toys/Backpacks for Coonamble

There is still time to donate a toy or backpack for Kindergarten children in the drought affected areas. The Principal at Copmanhurst PS will be collecting the donations at the end of Week 8 (7 December) so we have 3 more weeks to continue our collection.

Big River Film Festival

The Big River Film Festival will be held at South Grafton High School on Wednesday 21 November. A bus has been organised at no cost to students, and this will be a whole day outing for the students. After the film festival we will be having a picnic lunch in town at a park (to be decided) and a visit to the Clarence Regional Library. The bus will then bring the students back to school by 2.45pm. A permission note has been sent home today. Parents and community members are welcome to attend the film festival, entry is \$2.00.

Outstanding fees for 2018

There are some families with outstanding fees due for activities that the school has provided for your child. Please ensure these are paid before the end of term. These activities are heavily subsidised by the school and we appreciate parents assisting with the costs so that we can continue to provide engaging and interesting activities. If you require an updated statement of what is owing, please contact Mrs Johnson in the office.

Our Week 4 Award recipients !

A joint initiative between the NSW Department of Education and Training and NSW Health

Water is the best drink – it is free and contains no sugar

Keep the kids active this summer with these Christmas present ideas: toys for water play (blow-up floaties, slide, water pistols, body board), badminton set, skittles, totem tennis, different shape balls, kite, skipping rope, basketball hoop, pogo stick or elastic.

Festive Food for the Christmas period! We encourage healthy snacks as part of Christmas celebrations

The Child Oral Health Service would like to remind parents and carers that teeth are important for normal development, function and health. They help children eat, speak and smile.

- Poor oral health can have adverse effects on growth, self esteem, nutrition and social behavior.
- Adult molars erupt behind the baby molars at about 6 years of age. Children need help to clean their teeth effectively
- Help your child to brush their teeth until age 8-10. Use a small amount of fluoride toothpaste, encourage children to spit out not rinse.
